

School Entry Health Exam Requirement

Early and regular **health check-ups** can prevent, find, and treat many health problems before they become serious. That is why California has a **law** that says all children **must** have a health checkup within **18 months before first grade or up to 90 days after starting first grade**. Your child must also have certain immunizations, or shots, for school. Your doctor will be able to check your child's immunization record and see what shots are needed during the health checkup. Your doctor will complete this form. You must return this completed form to your child's school.

If you are not able to pay for this check-up, please call the County of San Diego Maternal Child and Family Health Services (MCFHS) to find out if your child is eligible for a health check-up at no-cost.

MCFHS can also provide information on medical and dental insurance.
